

Improvement of Existing Road from Murarishah Petrol Pump to Gerakupi More via Khoridanga, Block – Hasnabad, & Basirhat-II, Dist. – 24 Parganas (N)

There was an earthen road which was built without proper specification to provide least connectivity to rural belt during many early years. With passage of time importance of the road has been gradually increased due to growing economic activities and population in the road influence area. There has been substantive growth in the field of fisheries activities as

well as in the field of agricultural activity. Basic economy in the area have

already been improved and the other infrastructure has also been developed

in the vicinity of the road. This road has helped in the socio-economic upliftment of the area as a whole and has also served as an important role in the Hasnabad & Basirhat-II Block in the District of North 24 Parganas. This road has been improved to standard single lane road as per SP: 20-2--2, the carriageway width is 3.75 m while the roadway width is 7.5m with side slopes of the embankment 1 vertical: 2 Horizontal.

Cost of the Project: Rs. 280.60 lakh.
